McKENNEY'S
COSSACK SALVE!!
**An Invaluable Remedy**
FOR Fever Sores Rheumatism, Swellings of the Feet and Limbs, Swelling of the Tonsils or Sore Throat Chronic Eruptions of the Skin, and all Scrofulous Diseases Rigid Cords occasioned by Colds or Strains Stiff Neck Chilblains or Chapped hands Sore or Inflamed Breast Weakness or Lameness in the Stomach Piles Corns, Warts and Common Sores and Cuts and Bruises of all kinds.
In bringing this article before the Public, we are aware that we labor under no small disadvantage on ... the multitude of "All Healing Ointments" and Panaceas ... that are now advertised as the "most effectual" and "certain cures" for all diseases to which ... flesh man or animals are subject.
A history of this Salve and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing.
We would only add that we have undertaken the task of manufacturing the above named Salve, at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit, as in compliance with the earnest and repeated solicitations of personal friends and those who have experienced its wonder ul medicinal and all-healing properties.
To us indeed that we do not expect to realize a hand some remuneration for our services, would be alike useless and untrue. But we flatter ourselves that if, forsooth, we are richly paid, and the article soon very soon has an extensive sale—the tables are receiving a full and ample equivalent.
As we have already intimated we do not and shall not call to our aid the empty *puffing of the Press* or the bought certificates of individuals, and shall make use of them only so far as they have been or hereafter may be entirely *voluntary and unsolicited.*
The Salve is now before the Public!
They and they alone will decide upon its real virtues and medicinal properties. To say ... were it ... to ourselves—to say more would be superfluous.

Here are some of the many Certificates—
The subscriber was afflicted with a Fever Sore upon his leg for about six years and in the winter of 1845 it commenced swelling from the ankle to the knee. After using many remedies without success, I applied some Salve obtained of Mr. J. McKenney, and continued its application until I had used six bottles, which entirely cured me. And I have had no return of the disease since. I would also say that I know the above Salve to be a cure for Corns ... of my family having used it for the purpose with complete success.

*Mr McKenney*—In going into the woods in the winter ... to take the charge of quite a number ... in the winter lumbering operation, I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and bruises, and I ... found, indeed, to my great satisfaction, that it was invaluable article. I also made application of it in cases of Cuts Sprains and Bruises upon myself and found it equally beneficial. It can truly be called the All Healing Salve.

**Holden's Alterative and**
TONIC MIXTURE,
IS the best combination known for changing the unhealthy secretions of the Stomach and giving strength to that organ and for removing many troubles which are often attributed to impurity of the blood.
Its action is that of a mild Alterative and Tonic restoring health and strength often without producing any sensible evacuation and without leaving behind any unpleasant effect on the constitution.
By its use the appetite becomes regular and good digestion perfect sick head ache and many nervous disturbances growing out of imperfect digestion are generally cured persons of debilitated constitutions become healthy and strong by its use.
By reason of the sympathy between the stomach and the skin many diseases of the latter grow out of a morbid action of the former even when the ordinary symptoms of Dyspepsia are wanting and are cured by this medicine.
Many troubles of children supposed to arise from worms are caused by a deranged state of the stomach and are removed by its use. Persons both adults and children left feeble by protracted illness on the same principle are restored to health and vigor by taking it.
It contains no poisonous ingredient and cannot in any case do harm.
**Home Testimony.**
We, the undersigned have ourselves or in our families used Holden's Alterative and Tonic Mixture and are satisfied it is a very valuable preparation for the cases for which it is recommended.

COOKING STOVE
[We would call the attention of the reader to the Report of the Worcester County Mechanics Association, held in the city of Worcester Sept 1848.] 112 *Hot Blast Air Tight Cooking Stove* contributed by Gordon Williston Worcester. This stove involves an entire new principle in applying the heat to the baking or broiling of meats. The ... on coals or over coals in our best Stoves, where this flavor is acquired is both a difficult and disagreeable operation. But in this stove a steak was broiled in three minutes without any smoke or odor escaping into the room. It was evenly and well cooked and had all the pleasant twang of a coal broil. A large oven immediately over the ordinary oven is so constructed that the whole body of heat can be made to pass through it forming for the time being a flue for the draft. This arrangement secures all the qualities of a good brick or bake in meats without the labor usually attendant on such affairs. It likewise has cooking qualities with large oven and convenient arrangements for cooking furniture —[Silver Medal.

☞ The legislature have had quite a time over the discussion of the Resolves relat ing to the introduction of slavery in newly ac quired territory These resolutions somet me since passed the legislature as an expression of its opinion upon the subject, and were sent to the Governor with a special message asking his approval The Governor did not like thus be ing reminded of his change of position on this subject, and he sent to the Senate a spunky lit tle message, sharply reproving the Senate for stepping out of their legitimate sphere of action The personal effect of this message, the Senate were disposed to dodge, and therefore determin ed that it was a message vetoing the resolves, and under this construction of the message, even against the verbal declarations of the Gov ernor that it was not so intended, they put the resolves through as having the force of law, by a constitutional majority and sent them to the House for concurrence

The House debated the matter in all shapes, but particularly in reference to the question whether the message of the Governor was a veto message against the action of the House as well as the Senate A majority of the House were benevolently inclined to share the burden of the Senate, and to consider the message as an attempted veto of the Governor upon a mere expression of opinion by the legislature, and they t o passed the resolves by a cons itutional majority of two thirds

The Governor must be quite aston shed, we think, to find that his pet message giving the Senate a little switching f r sending him a un usual and as he thought reproving message, has been magnified into a grave message for veto ing a bill having the form of law, and so poorly cons ructed to a swer any such end! Well, it was what a genuine Yankee would call a pret ty "slick" movement on the part of the Senate and a little green o the part of the House, or it not so, certain y a litt e extra in the way of as suming the burthens of the Senate f r the pur pose of placing the Governor in a false posi tion

The true secret of the whole is undoubtedly, that those opposed to the views of the Gover nor, knowing their own strength and wishing to make it appear, determined to give the Gov ernor "Jessie" in the — — accompl shed — —race upon hobbies, in which the princi pal actors thought more of themselves and their position in the party, than the sober effect upon the public mind and the public action regarding slavery in the territories, which the resolutions might promote

### Riots in the French West Indies.

Capt Jackson, of schr Bowditch of this port, who arrived here on Monday from St Pierre, Martin ique the 3d inst, via Turks Island, reports that the day he left St. Pierre despatches were received there from Point Petre, Guadaloupe, stating that very serious disturbances had taken place both in Guadaloupe and Marie Galante—a small Island con tiguous to the former—occasioned by undue ex citement attending the canvass for the election of Governor of these Islands, and which had resulted in the loss of several lives and the burning of quite a number of houses at Maria Galante, and a very serious loss of life at Point Petre, at which place, it was reported, more than thirty persons had been killed

Two Frigates and the same number of War Steamers were instantly despatched from St Pier re to assist in quelling the disturbances

A warm electioneering contest was also going on at Martinique where, as at Guadalope, one of the candidates was a Creole, and his opponent a resi dent of France

Martinique and Guadaloupe, to the latter of which Marie Galante is attached, have separate Colonial Governments.

Lumber and American produce are reported ex tremely dull throughout all the windward islands

*The Lowell Voice*ropuls states as an illustration of what a smart and skillful girl may earn, and sometimes does earn, in Lowell, that at the last payment on the Merrimack corporation one female weaver received for 24 days work, $27, or, in cluding board $35 50—about $1 35 per day She tended six looms, which few can do This is ad mitted as an extreme case, but *there are many* who earn $4 to $5 per week It is this kind of pay which tempts industrious girls from Maine and New Brunswick to work in Lowell and other manufacturing places

☞The Bangor Democrat hews square up to the line this week, in favor of the principles of the re cent letter of Gen Cass re affirming the doctrine of the Nicholson letter, that Congress has no au thority to inhibited slavery in the territories!

The recent manifestations of Progression Dem ocracy have no charms for our neighbor of the Democrat and he scouts at the whole, and would evidently like to rush once more into the political battle field with Gen Cass as a leader.

☞C C Jordan, a general lecturer on Temper ance and other reforms, forgetful of the fact that reformers should labor for symetry and consistency of moral character, has been arrested and impris oned on a charge of lascivious conduct with a fe male

☞ We learn with pleasure, that Dr O K Sammis, Physiognomist of New York has ar rived in this city and proposes giving a course of lectures upon this curious and interesting subject, in which he will endeavor to prove its claims as a science

☞The Newburyport Herald says there are many strangers in that town at present, and adds that there is no pleasanter place, if we except Newport, for those who want to enjoy the sea air

Let us ever rem mber that it is the men that constitute the State, and that in the moral in fluences of internal improvements we may see their most valuable characteristics

In behalf of our brethren, as the disciples of temperance, we address you, a distinguished Master and Leader

We we c me you to our country

You come at a time, when that dreadful sc urge, the Cholera is busy among the living with his fatal scythe sweeping thousands upon thousands to an unexpected grave

But alas! alas! you will find among us a more dreadful foe—the scourge of intemperance, drawing his poisonous trail throughout the length and breadth of our lands, freez ng a fath er, ay a mothers love, laying his cold fingers on the fountains of life and affection, and causing many a family, and many a neighbourhood to heave a sigh, that might awaken the sympathy of the slumbers in the sepulchre We honor you this enemy of our race

There is many an honored name among the worthies of our fellow countrymen, whom we highly respect and revere, but none more than yourself

We would most gladly meet you at our city, and we most cordially invite you to its hospital ity, and while we meet you in republican sim plicity, it will be with a warm heart and un feigned respect

Be pleased Dear Sir to notify us when we may expect a visit from you

Yours most respectfully,

MY DEAR SIR

I gratefully acknowledge the much prized invitation of the representatives of the various Temperance Soci eties in Bangor, as well as the kind sentiments by which it was conveyed Whilst I highly appreciate their ap probation of my exertions, I claim no merit to myself, but attribute all to that Great and Glorious Being with whose gracious purposes, I humbly endeavor to co pe rate

I shall be delighted to avail myself of the privileges of proceeding to Bangor, but until I can fulfil prior engage ments, I shall not be able to name a day for that purpose I trust at no distant period to be able to enjoy this grati fication

Presenting my sincere regards to the other gentlemen, and anxious for the opportunity of a personal interview with them, I am, Dear Mr Kimball,

yours, devotedly,

## A LEGEND OF KENDUSKEAG.

BY MRS E OAKES SMITH

CHAPTER I

Then list the legend long since heard
Beside the Red man's winding river,
What time the wilds and forests lone
Were held by right of bow and quiver
*Emma C Embury*

Every place of any picturesque pretention has its 'Lover's Leap, a cliff, high and rugged shelv ing over a boiling flood, which became at one time the scene of a thrilling tragedy Strange that an emotion of such universal import as Love, should be treated with so little reverence by the constitution of society that a sentiment involving so much of human happiness or mise ry, affecting health intellect, and life itself should be the subject for gibes and jokes, instead of being met, as it should be, with solemn and holy thought, and deep, earnest reverence, as of a mystery belonging to the soul itself and not to be profaned Laws are made not to guard the sacredness of this necessity of our being, but to guard inviolate the sacredness of contract — 'This ought ye to do, and not to leave the other undone We all weep over the wrongs and sorrows of loving hearts, history, literature, the dweller of the palace, and the peasant beside the stile, each and all are alive to the same senti ment, and suffer the same griefs, yet no man has said to his neighbor, 'Come, let us see if we cannot do something to right this great human wrong, let us see to it that the congenial stand only in relation, and thus do away the greatest temptation to evil in the minds of the weak and the erring'

The Kenduskeag is a narrow tributary of the Penobscot of the State of Maine Having at one time by some great convulsion forced itself through the primitive rocks of that region, its banks are left wild and broken, seeming alto gether too majestic for the foaming, noisy little trough of water gurgling beneath One mile from the city of Bangor is a cliff upon its margin something more than two hundred feet in height which bows itself towards the opposite shore, whose dissevered rocks still yearn for their old companionship Here is a place where one given to romance would be sure to look for some fine old legend, some tale of stirring adventure or beautiful sentiment to give vitality and hu man interest to what might else be the waste place of nature Accordingly we find the story of Mequa (the Squirrel, literally,) the graceful Indian of the Penobscot, already associated with the spot long before the European had looked upon its beauty, or made its bright waters sub servient to the purposes of thrift

Mequa was not a native of this region, but a girl taken captive after the defeat of one of the tribes farther to the north She was originally designed for sacrifice, but her exceeding grace her vivacity and tenderness, so won upon the hearts of her captors that the ceremony was de layed, and finally passed out of mind. Unlike the maidens of the tribe into which she had been adopted, who were laborious, patient of fatigue, and content to be the slaves rather than com panions of their warrior and hunter lovers and husbands, Mequa openly refused such bondage, laughed at the burdens attempted to be forced upon her, and with such pretty petulance shrunk from wigwam toil, that she soon became the privileged pet of the tribe In return she wrought moccasins and belts with unequalled skill and elegance, she arranged wampum for the warriors, and ornaments for the squaws in a style of excellence they had never before wit nessed, so that Mequa became to these children of the woods indispensable in the same way that an accomplished milliner is so to the more civi lized women of our cities

Exquisitely fond of ornament herself, she never appeared unadorned with feathers and shells, wild berries and furs of the choicest kind, indeed, she must have been to the Indian mind what a rare piece of art is to the civilized a thing to be looked upon with joy and admiration dis connected with the ordinary emotions of human ity, for the pleasuring and the adorning of Me qua b came the delight of the tribe The name they had given her indicated their perception of her character Mequa the Squirrel, was in truth as freakish, as gay, as whimsical, as coquettish as this rarest masquerader of the woods, and with al as graceful, as loveable, as pertinaciously at tachable

One of the whims of Mequa was to sleep in the summer nights within a cave, still to be seen to the right of the cliff This cave is large enough to hold five or six persons, it is open to wards the water side only, below the floor the bank is nearly perpendicular, from the sides of which spring trees of the largest size, so as to hide the mouth entirely from one unacquainted with its existence The access is difficult on account of the steepness of the shore, but the spot is sheltered and most lovely when once se cured In the days of Mequa, when the forest was unbroken, the river unshackled, and nature in her prime, it might well tempt a wayward girl to its secure and most tranquil re treat Here the birds yielded a wilderness of melody, the sunbeams glinted upon the leaves, and the wind, which found no lodgment within, tilted the branches of the trees, and whispered all day in the pines of the hill top The steady murmur of the falls lent a monotonous melody, relieved at intervals by that changeful sound, as if a new gush of accumulated water gave them a deeper voice

This freak of Mequa s passed in the tribe as a freak, to all but Pusanos, the Panther, who saw something covert and mysterious in this solitary retreat Pusanos was the son of the old chief of the tribe, a youth as agile, as alert and as deadly too as the creature whose name he bore He had long been the secret lover of the girl, and no one doubted his love was returned with a singleness and devotion peculiar to one with such individuality of character as Mequa, yet it was most true that she took delight in teasing her lover in exciting his jealousy, and affecting for the whim of the moment sentiments entirely foreign to the reality No sooner did she find Pusanos uneasy at the bower in the cave than she affected to go there What was at first the pretty daring wayward girl, became in time the weap on of a woodland coquette*

Whether it was that a fear of her lover grew gradually upon the mind of the girl—for indeed he became stern, silent, and observant of her motions—or whether there might have been real mystery, is now needless to inquire, for it was observed that she became daily timid and sensitive, regarding the young chief with an expression of such soulful tenderness, so en tirely unlike her former gayety, that the cold ness and reserve of Pusanos was the more sur prising Indifferent to her ornaments listless in her motions, the dainty qualities of character, which had won for her the pretty appellative of Mequa seemed fast departing from the wild wood beauty

At the period of the change we have thus de scribed Mequa, in the exuberance of her mis chief, or in the recklessness of her despondency had slept three successive nights in the cave — The third morning she came forth pale and trembling, with her wampum girdle bound around her arm, and an arrow in her hand dab bled in blood Returning to the lodge of her foster parents she sat down in the farthest part alone, and weeping bitterly Accustomed to her many moods the old woman contented herself with wrapping the skins together beneath her head and asking of the wound Mequa return ed no answer excepting by her tears and hold ing up the arrow which bore upon it the totem of Pusanos All day the poor girl sat in this wise uttering no word of complaint As the night approached she went out and sat down by the council fire in the centre of the village — Surprised at this strange act, the elders gath ered about the spot and waited silently an ex planation of her will

*This cave remains as above described The people in the vicinity call it the Devil's cave We trust hereafter they will call it Mequa's cave as being more sonorous to 'ears polite'

Remainder to morrow

There is no more common or absurd mistake than supposing that, because people are of high rank, they cannot be vulgar, or that if people be in an obscure station, they cannot be well bred Count D Orsay says— 'We have seen as many instances of vulgarity in a Peer as could be found in a Grazier, and have noticed as many examples of a perfect freedom from the least taint of it in humble life, as could be desired in a Duchess

☞ The following beautiful tribute of a warm heart overflowing with the touching memories of the kind ministry of stranger friends during a recent sickness, will be read with pleasure —

### Lines Written on recovering from Illness.

INSCRIBED TO MRS M****N AND THE LADIES OF BANGOR

How can I thank you, gentle friends
For all your kindly zeal?
How tell in cold, mechanic words
What only hearts can feel?
For ye have touched a chord of mine
That vibrates this alone—
A simple and a fervent voice,
God bless you, every one

I came to you in stranger guise,
And ye could never know
If underneath the minstrel vest
A heart beat there or no—
You could not tell of woman's worth,
Or woman s gentle needs,
Nor did ye with cold questions stay
Your mission of kind deeds

Ye smoothed the aching head to rest,
Ye soothed the fevered dream,
And ye forgave the heart that yearned
Protracted o'er the theme
Of absent and beloved ones,
Now ten-fold doubly dear,
As stooping downward she beheld
The shadowy land grow near

Ye proffered lucent sweets the while,
Fruits from Arcadian bowers,
But most ye touched the secret soul
With offerings of flowers—
Oh, could ye know how deep she felt
The soul of beauty there,
Ye would behold in every bloom
A call to love and prayer

What wonder then, that words are poor
To speak the deeper need?
And ye would little care for those
Who come with Angel deed—
Then take ye from a fervent heart
For all your lovingness,
The simple, earnest prayer of one
Who prays you God to bless

*RHEUMATISM*

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

James Cummings, Esq one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter

*Blackwell's Island, Sept 14, 1847*

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat sleep or walk I had the most distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla and they have done me more than one thousand dollars worth of good I am so much better—indeed, I am entirely relieved You are at liberty to use this for the benefit of the afflicted Yours respectfully

JAMES CUMMINGS

*FITS FITS' FITS'*

Dr Townsend not having tested his Sarsaparilla in cases of Fits, of course never recommended it and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County

*Fordham, August 13 1847*

Dr Townsend—Dear Sir I have a little girl, seven years of age who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and hearty, for which we feel grateful Yours respectfully

JOHN BUTLER, Jr

*FEMALE MEDICINE*

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb Costiveness, Piles, Leucorrhœa or Whites obstructed or difficult Menstruation Incontinence of Urine or involuntary discharge thereof and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness or accident Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude from taking it at once become robust and full of energy under its influence It immediately counteracts the nerveless ness of the female frame which is the great cause of Barrenness—It will not be expected of us, in cases of so delicate a nature to exhibit certificates of cures performed but we can assure the afflicted that hundreds of cases have been reported to us Thousands of cases where families have been without children after using a few bottles of this invaluable medicine have been blessed with fine healthy offspring

*TO MOTHERS AND MARRIED LADIES*

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period The turn of life should neglect to take it as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system renews permanently the natural energies—by removing the impurities of the body not so far stimulating as to produce subsequent relaxation—which is the case of most medicine taken for female weakness and disease By using a few bottles of this medicine many severe and painful surgical operations may be prevented

*GREAT BLESSING TO MOTHERS AND CHILDREN*

It is the safest and most effectual medicine for purifying the system and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child prevents pain and disease increases and enriches the food—those who have used it think it is indispensable It is highly useful both before and after confinement as it prevents diseases attendant upon child birth—in Costiveness, Cramps, Swelling of the Feet Despondency Heartburn, Vomiting Pain in the Back and Loins, False Pains, Hemorrhage and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is that it is always safe and the most delicate use it most successfully very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air and light food with this medicine, will always ensure a safe and easy confinement

*BEAUTY AND HEALTH*

Cosmetics, Chalk, and a variety of preparations generally in use when applied to the face, very soon spoil it of its beauty They close the pores of the skin and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the " human face divine," as well as in the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flashes of loveliness that all admire but none can describe This beauty is the offspring of *nature*—not of *powder* or *soap* If there is not a free and healthy circulation there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold and impure, she is not beautiful If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the southern, and especially the Spanish ladies, are so much admired Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr Townsend's Sarsaparilla Thousands who have tried it are more than satisfied are delighted Ladies of every station crowd our office daily

*NOTICE TO THE LADIES*

Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff a *great remedy for females, &c, &c*, and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have, since the great success of Dr Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not A number of these Mixtures, Pills, &c, are injurious to females, as they aggravate disease, and undermine the constitution

*SCROFULA CURED*

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood Three persons cured in one house is unprecedented

THREE CHILDREN.

Dr Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine—They were afflicted very severely with bad sores, have taken only four bottles, it took them away, for which I feel myself under great obligation Yr's respectfully

ISAAC W CRAIN, 106 Wooster st

*OPINIONS OF PHYSICIANS*

Dr Townsend is almost daily receiving orders from physicians in different parts of the Union

This is to certify that we, the undersigned Physicians of the City of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla and believe it to be one of the most valuable preparations of the Sarsaparilla in the market H P PULING, M D, J WILSON M D, R B BRIGGS, M D, P E ELMENDORF M D

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs Bitters, Extracts of Yellow Dock, &c They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided

## Vegetable Balsamic Elixir,

The Great Northern Remedy for Consumption!

ALSO the most effectual remedy in the world for *Colds Coughs Whooping Cough Croup or Quincy Asthma, Pain in the Side or Stomach* and all diseases of the LUNGS AND LIVER

This medicine is purely vegetable, and is by far the most effectual medicine known for all diseases affecting the BRONCHIAL OR PULMONARY ORGANS

Its effect upon the patient is most marked and differs from that of most medicines recommended for the same complaints in the following particulars

1st—It never irritates the organs it should soothe—never dries up the cough leaving the cause untouched—but first *loosens the cough increases the expectoration or spitting* then removes the cause *eradicating it completely* from the system, when as a matter of course, the *cough ceases*, and the patient is well

2d—It never produces costiveness in the consumptive patient—on the contrary it has a laxative effect and is a moderate cathartic We defy the world to produce a case of costiveness so inveterate but that in two or three weeks (the patient in the mean time having proper regard to diet) it will entirely remove it and produce a healthy action of the bowels

3d—It does not produce a *dryness of the skin* but is a powerful promoter of *sensible and insensible perspiration* thus expelling by the pores of the skin, those nauseous fluids and impurities of the blood the retention of which in the system is the *sure precursor of* DISEASE SICKNESS AND DEATH

We do not pretend that DOWN'S ELIXIR is a specific for all the ills that flesh is heir to, but we do say, and can confirm by incontestable evidence that for

## CONSUMPTION,

And all all diseases of the *lungs the liver and the pulmonary organs* it is *unrivalled—unequalled*—HUNDREDS have been snatched from an UNTIMELY GRAVE, and hundreds who *delayed too long its use*, have found in the advanced state of their disease that RELIEF FROM SUFFERING which they had vainly sought from every other source

This INVALUABLE MEDICINE is *highly concentrated* and put up in 2 oz and 4½ oz bottles at fifty cents and one dollar per bottle and each bottle warranted to contain MORE CURATIVE PROPERTIES than four bottles of any of the *weak, adulterated* pint bottle preparations of the day

We have received *hundreds of certificates* of its wonderful cures from every part of the country many of which have been published *and may be had gratis of any of our agents*

Sold wholesale and retail by CURTIS & SMITH General Agents ST ALBANS, VT to whom all orders for supplies of the medicine should be addressed (stating the best mode of sending it)—also sold by agents in nearly all the villages and towns in the country

## CAUTION EXTRA.

A man by the name of *CLAPP* has engaged with a young man of the name of S P Townsend, and uses his name to put up a Sarsaparilla, which they call Dr. Townsend's Sarsaparilla, denominating it *GENUINE* Original etc This Townsend is no doctor, and never was, but was formerly a worker on railroads, canals, and the like Yet he assumes the title of Dr, for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived and purchase none but the *GENUINE ORIGINAL OLD* Dr Jacob Townsend's Sarsaparilla having on it the Old Dr's likeness his family coat of arms and his signature across the coat of arms

*Principal Office, 102 Nassau st New York City*

# OLD DR. JACOB TOWNSEND,

THE ORIGINAL DISCOVERER OF THE

## Genuine Townsend Sarsaparilla.

Old Dr Townsend is now about 70 years of age and has long been known as the *AUTHOR* and *DISCOVERER* of the *GENUINE ORIGINAL TOWNSEND SARSAPARILLA* Being poor he was compelled to limit its manufacture by which means it has been kept out of market and the sales circumscribed to those only who had proved its worth and known its value It had reached the ears of many nevertheless, as those persons who had been healed of sore diseases, and saved from death proclaimed its excellence and wonderful

HEALING POWER

Knowing *many years ago* that he had by his skill science and experience devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice when its inestimable virtues would be known and appreciated This time has come the means are supplied this

*GRAND AND UNEQUALLED PREPARATION* is manufactured on the largest scale and is called for throughout the length and breadth of the land especially as it is found incapable of degeneration or deterioration

Unlike young S P Townsend's it improves with age and never changes but for the better because it is prepared *on scientific principles* by a *scientific man* The highest knowledge of Chemistry and the latest discoveries of the art have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla The Sarsaparilla root it is well known to medical men contains many medicinal properties and some properties which are inert or useless and others which if retained in preparing it for use produce *fermentation and acid* which is injurious to the system Some of the properties of Sarsaparilla are so *volatile* that they entirely evaporate and are lost in the preparation if they are not preserved by a *scientific process* known only to those experienced in its manufacture Moreover these *volatile principles* which fly off in vapor or as an exhalation under heat are the very *essential medical properties* of the root which give to it all its value

Any person can boil or stew the root till they get a dark colored liquid which is more from the coloring matter in the root than from any thing else they can then strain this insipid or vapid liquid sweeten with sour molasses and then call it SARSAPARILLA EXTRACT or SYRUP But such is not the article known as the

GENUINE OLD DR JACOB TOWNSEND'S SARSAPARILLA

This is so prepared that all the inert properties of the Sarsaparilla root are first removed every thing capable of becoming acid or of fermentation is extracted and rejected then every particle of medical virtue is secured in a pure and concentrated form and thus it is rendered incapable of losing any of its valuable and healing properties Prepared in this way it is made the most powerful agent in the

## Cure of innumerable diseases

Hence the reason why we hear commendations on every side in its favor by men women and children We find it doing wonders in the cure of

*CONSUMPTION DYSPEPSIA* and *LIVER COMPLAINT* and in *RHEUMATISM SCROFULA PILES COSTIVENESS* all *CUTANEOUS ERUPTIONS PIMPLES BLOTCHES* and all affections arising from

IMPURITY OF THE BLOOD.

It possesses a marvellous efficacy in all complaints arising from *Indigestion* from *Acidity of the Stomach* from unequal circulation determination of blood to the head palpitation of the heart cold feet and hands cold chills and hot flashes over the body It has not its equal in *Colds* and *Coughs* and promotes easy expectoration and gentle perspiration relaxing stricture of the lungs throat and every other part

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS

It works wonders in cases of *Fluor Albus* or *Whites Falling of the Womb Obstructed Suppressed* or *Painful Menses Irregularity* of the menstrual periods and the like and is as effectual in curing all the forms of *Kidney Disease*

By removing obstructions and regulating the general system it gives tone and strength to the whole body and thus cures all forms of

## Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies as *Spinal irritation Neuralgia St Vitus Dance Swooning Epileptic Fits Convulsions* &c

It cleanses the blood excites the liver to healthy action tones the stomach and gives good digestion, relieves the bowels of torpor and constipation allays inflammation purifies the skin equalises the circulation of the blood producing gentle warmth equally all over the body and the insensible perspiration relaxes all strictures and tightness removes all obstructions and invigorates the entire nervous system Is not this then

## The medicine you pre-eminently need!

But can any of these things be said of S P Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S

because of one GRAND FACT that the one is INCAPABLE of DETERIORATION and

NEVER SPOILS,

while the other DOES *souring fermenting* and *blowing the bottles* containing it into fragments the sour acid liquid exploding and damaging other goods! Must not this horrible compound be poisonous to the system?—*What! put acid into a system already diseased with acid!* What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs what mischiefs it produces? flatulence heartburn palpitation of the heart liver complaint diarrhœa dysentery colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin Scald Head Salt Rheum Erysipelas White Swellings Fever Sores and all ulcerations internal and external? It is nothing under heaven but an acid substance which sours, and thus spoils all the fluids of the body more or less What causes Rheumatism but a sour or acid fluid which insinuates itself between the joints and elsewhere irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases of impurity of the blood of deranged circulations and nearly all the ailments which afflict human nature

Now is it not horrible to make and sell, and *infinitely worse* to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S. P TOWNSEND,

and yet he would fain have it understood that Old Dr Jacob Townsend's *Genuine Original Sarsaparilla* is an IMITATION of his inferior preparation!

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S. P. Townsend's *article!* and which should bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold and purchasers who have used S P Townsend's FERMENTING COMPOUND

We wish it understood because it is the *absolute truth*, that S P Townsend's article and Old Dr Jacob Townsend's Sarsaparilla are *heaven wide apart* and *infinitely dissimilar* that they are unlike in every particular having not one single thing in common

As S P Townsend is no doctor and never was is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common unscientific unprofessional man what *guarantee* can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease? It requires a person of some experience to cook and serve up even a common decent meal How much more important is it that the persons who manufacture medicine designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS should know well the medical properties of plants the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases

It is to arrest frauds upon the unfortunate to pour balm into wounded humanity to kindle hope in the despairing bosom to restore health and bloom and vigor into the crushed and broken and to banish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Dear Sir—I have used your *Health Restoring Bitters* in my practice, and have found them very serviceable *Dyspepsia, Humors General Debility* and particularly in *Habitual Costiveness* I consider it one of the *best* remedies in use Yours &c,

IRA RUSSELL M D "

From one of the most eminent physicians in the State of New Hampshire

TEMPLE, N H Jan 17, 1849

Dr S Jewett

Dear Sir—I have examined your *Pulmonary Elixir*, and am well satisfied that it *merits the full confidence* of the community, as being what it purports to be, an efficient and *safe remedy for all the* diseases to which the respiratory organs are subject It may be used with much more *safety* than almost any other article offered for this purpose inasmuch as the danger of impaired action of those organs the frequent and legitimate result of most other remedies of this class by reason of *their opiate character, is by this entirely obviated*

The physician who should meet with it in families, would find it a *ready assistant* by which his own labor in the dispensation of medicine would be obviated, and his efforts for relief essentially aided

With much consideration your old servant

PORTLAND, Me April 24, 1849

Sir—Having used your *Health Restoring Bitters* and *Pulmonary Elixir*, to a considerable extent in my family for the past winter, I would beg leave to bear testimony as to the efficiency of these medicines the former for *restoring loss of appetite* headache, languor, and *general debility* the latter for *coughs* and *sore throat*—In fact I think *no family should be without these restoratives always at hand* thereby frequently *superseding* the *necessity of* calling in a physician

McKENNEY'S

# COSSACK SALVE!

## An Invaluable Remedy

FOR Fever Sores Rheumatism Swelled and Fettered Limbs Swelling of the Fleshy Parts, Sore Throat Chronic Eruptions of the Skin all Scrofulous Diseases Rigid Cords occasioned by Cold or Strains Stiff Neck, Chilblains Chapped Hands Sore or Inflamed Breast, Weak Pains in the Stomach, Piles Corns Warts Common Sores and Cuts and Bruises of all kinds

In bringing this article before the Public we are aware that we labor under no small disadvantage amidst the multitude of "All Healing Ointments and Panaceas" that are now advertised as the "*most effectual*" and *certain cures* for *all* diseases indiscriminately to which man or animal is subject

A history of this Salve, and the wonderful cures it has effected in the above complaints will be found in a pamphlet accompanying each Box—a reference to which is invited before judging

We would only add that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense not as a matter of speculation and pecuniary profit but in compliance with the earnest and repeated solicitations of personal friends and those who have experienced its wonderful medicinal and healing properties

To say, indeed, that we do not expect to realize a handsome remuneration for our services would be alike useless and untrue But we flatter ourselves that, for once, we are richly paid and this article soon very soon has an extensive sale—the Public are receiving a full and ample equivalent

As we have already intimated we do not shall not call to our aid the empty puffing of the *Press*, or the bought certificates of interested persons and shall make use of them only so far as they have been or hereafter may be entirely *voluntary* and *unsolicited*

The Salve is now before the Public

They, and they alone will decide upon its real virtues and medicinal properties and it may be were injustice to ourselves—to say more would be superfluous

Here are some of the many Certificates—

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee After using many remedies without success I applied some Salve obtained of Mr A W McKenny and continued its application I think I used six bottles which entirely cured me and I have had no return of the disease since I would also say that I know the above Salve is a cure for CORNS, one of my family having used it for that purpose with complete success

DANIEL SEAVEY

Dexter (Maine) May, 1846

This certifies that one of my sons has been afflicted with a Fever Sore for more than a year and having tried various means to effect a cure without success which cost me about forty dollars I bought 1 box of JOSEPH McKENNEY'S SALVE which effected an entire cure in less than 3 months SIMEON MARSTON

*Mr McKenney*—In going into the woods in the autumn of 1845 with the charge of quite a number of men for the winter lumbering operation I was induced to take a few bottles of your Salve Having been recommended to me as one of the best remedies for accidental Cuts and bruises I found indeed, to my great satisfaction that it is an invaluable article I also made application of it in cases of Cuts Sprains and bruises in several cases and found it equally beneficial It can truly be called the All Healing Salve
